I have a copy of the complaint, but that's it (I think I gave a copy to Larry); with maybe one or two exceptions, they looked like insolvent parties to me.

We have a new TCEQ attorney, as of yesterday, Courtney Sprague.

Thanks.

Anne,

Just learned that the Gulfco PRPs have recently sued other parties they believe should be involved with the site. Don't have any info on who that is, but may in the near future. Will keep you posted.

Thanks,
